

Seldom has the church faced so many challenges from so many directions.

Bombarded by post modernity, and multi-culturalism, many have simply retreated into 'warm fuzzy fellowship'.

Others, however, still stand and demand to be counted. Rather than simply facing the challenges of today, they seek to prepare the church for tomorrow.

This years conference will focus on enabling, equipping and empowering the **NEXT GENERATION** and will seek to discover how God wants us to 'hand on the baton' and not simply to 'pass the buck!'
